*1 HK - Res. & Devel. Subc.*

21 November 1968

MEMORANDUM FOR: Chief, OC/T

Bob:

1. The Intelligence Information Handling Committee (IHC) is in the process of forming a series of subcommittees, one of which is a subcommittee on Research and Development. The Chairman, IHC has asked member agencies to nominate subcommittee members before 27 November. At the moment, there seems to be agreement in the Agency that the CIA member of the R&D Subcommittee should come from ORD. If you have any problems with that I would like to know about them immediately so I can try to accomplish whatever is called for before CIA's nomination goes in.

2. Draft terms of reference for the R&D Subcommittee are attached for your review. They are still being revised but the draft will give you an idea of the general scope. If you have any comments about the terms of reference I would like to have them before the end of the week (22 November).
